

Envision Financial Systems Named One of Orange County's Fastest Growing Technology Companies in Deloitte's Technology Fast 50 Program

Award Marks Fourth Consecutive Year Placing within Fast 50

IRVINE, CA. October 17, 2007 — Envision Financial Systems was named to Deloitte's prestigious Technology Fast 50 Program for Orange County for the fourth consecutive year, a ranking of the 50 fastest growing technology, media, telecommunications, and life sciences companies in the area by Deloitte & Touche USA LLP, one of the nation's leading professional services organizations. Announced at the Orange County awards event on October 16th, the Technology Fast 50 rankings are based on the percentage of growth in fiscal year revenues over five years, from 2002–2006.

“We are honored to once again be recognized as one of the 50 fastest growing firms in Orange County” says Satnam Gambhir, Chief Executive Officer of Envision. “As we expected, 2006 proved to be a pivotal year. We entered new financial services markets, we continue to add new product offerings and sign new clients. The next three years will be ones of rapid expansion as we continue to provide innovative solutions to the financial industry and we are pleased to be able to continue to contribute to Orange County's economic growth.”

“Sustaining high revenue growth over five years is an exceptional accomplishment. We commend Envision Financial Systems for making the commitment to technology and delivering on the promise of market longevity. We are proud to honor Envision to Deloitte's Technology Fast 50,” says Rick Rayson, Managing Partner, Orange County Practice, Deloitte & Touche LLP.

To qualify for the Technology Fast 50, companies must have had operating revenues of at least \$50,000 in 2002 and \$5,000,000 in 2006, be headquartered in North America, and be a company that owns proprietary technology or proprietary intellectual property that contributes to a significant portion of the company's operating revenues; or devotes a significant proportion of revenues to the research and development of technology. Using other companies' technology or intellectual property in a unique way does not qualify.

Companies from the 16 regional Technology Fast 50 programs in the United States and Canada are automatically entered in Deloitte's Technology Fast 500 program, which ranks North America's top 500 fastest growing technology, media, telecommunications and life sciences companies.
